## Sharron Eves

Works with gold, silver and pearls.  
 My inspiration comes from travelling the North-West to the ocean. Discovering and experiencing the very heartbeat of this land and its desolate terrain, to being captivated by its jewel-like features had a strong spiritual influence on me, in contrast to the lush green countryside of my homeland, New Zealand.  
 Geographical features, the beauty I saw in its harshness, my appreciation of the Aboriginal culture, and my love of the ocean have been my journey to transpose these elements in the form of jewellery.

### Academic qualifications

1996 Carine College of TAFE Advanced Certificate of Art and Design  
 1992 Carine College of TAFE Preliminary Certificate of Art and Design
