STORIES

FROM THE MONART COLLECTION

The Monart Gallery is pleased to be exhibiting a fine selection of paintings by Australian artist, Jane McKay, Shirley Clancy, Andreana May, Jo Muir and Sarah Roby. Also on display are works of South Korean Chan Seok Hong, who is professor of Visual Design at Chonbuk National University.

The paintings take the viewer on a journey through abstract landscape compilations of infinite skies, land and its foliage. Each artist conveys their personal painterly aspirations in a unique contemporary way. Shirley Clancy displays her distinctive figurative technique again in two beautifully executed works. Monart Gallery's Egyptography tour is coming again in 2010 in association with UWA extension. The tour will be led by Mona Ketelsen and Greg Hocking. A weekend Photography workshop will be conducted by master photographers, Dale Neill and Greg Hocking on Saturday 24th and Sunday 25th of October. Please contact the gallery on 9386 9066
